COPYRIGHT AND ETHICAL STANDARDS WITH REGARD TO THE USE OF THE SEMINAR RECORDINGS

This Advanced Training in the Psychotherapies Seminar Program has been designed to meet the Royal Australian & New Zealand College of Psychiatrists Advanced Training curriculum requirements.

Access to these seminars is restricted to enrolled trainees and seminar leaders. The Psychotherapies Education Association Inc. reserves copyright, and reproduction of any part of these recordings, without the express permission of The Psychotherapies Education Association Inc., is prohibited.

Clinical material contained in these recordings is for the sole and exclusive purpose of teaching. The confidentiality of persons discussed has been protected by alteration and/or removal of identifying data. It is incumbent on all persons using this material for teaching/learning purposes to maintain the highest standards of ethical accountability with regards to non-disclosure of the material discussed beyond the educational setting.

Acknowledgements

RANZCP Advanced Training in the Psychotherapies Program developed & produced by:

RANZCP NSW Committee for Advanced Training in the Psychotherapies

Director of Advanced Training: **Dr Jeffery Streimer**

Curriculum Development: **Dr Anne-Marie Swan**

Project Managers: **Ms Elana Cohen, Mrs Anne Bell & Mrs Lyndall Rees**

With grateful acknowledgement to **Dr Isla Lonie** (foundation Director of Training) and the members of the RANZCP Section of Psychotherapy Training Committee for their foundational work in the development of the training program. We also thank the members of the SSATSCP Committee for their assistance.

Special thanks to **Mr Steen Rees** of the Brain Revolution Project for his invaluable assistance and guidance in all multimedia aspects of the course production including seminar DVD production, and **Mr James Rees** for seminar video production.

The support of the NSW Institute of Psychiatry is especially appreciated.

The RANZCP NSW Bi-national Section of Psychotherapy generously supported and funded the equipment for the recording of the Advanced Training Seminar Program.

Thanks to all the teachers, seminar leaders and supervisors for their invaluable contributions, diligence, generosity of spirit and overall excellence.

Finally, we acknowledge and congratulate our students, both consultants and registrars, whose collaboration, participation and enthusiastic support has inspired and encouraged us all.
